

Federal Ministry
for Economic Affairs
and Climate Action

AGENDA

Support mechanisms for international hydrogen and PtX projects

27. SEPTEMBER 2022, 10-16:00 CET
WINDENERGY HAMBURG, ROOM COPENHAGEN 1

THE CONFERENCE WILL BE HELD IN ENGLISH.

27 SEPTEMBER 2022

Moderation Charlotte Hussy, Project Manager, International PtX-Hub (GIZ)

10:00 – 10:15 **Opening and short introduction of the German Energiewende & The German Hydrogen Strategy**
Georg Maue, (Deputy Director Climate and Energy Cooperation with Africa and Latin America, Federal Ministry for Economic Affairs and Climate Action)

10:15 – 11:15 **Germany's funding programs & initiatives to promote Green Hydrogen and PtX**
moderated by Kim Lakeit, Expert International Market Development Hydrogen, German Energy Agency (dena)

Keynotes and Q&A

H2-Uppp - Promotion of green hydrogen and its derivatives in emerging and developing countries with focus on Public Private Partnership
Rolf Behrndt, Senior Hydrogen Advisor (GIZ)

H₂Global - Auction-based mechanism to provide fixed hydrogen volumes from third countries and secure minimum prices and accelerate market activities
Laura Droste, Expert International Market Development Hydrogen, German Energy Agency (dena)

PtX Hub – Potentials for climate-neutral development
Johanna Friese, PtX Certification Policy Expert, International PtX Hub (GIZ)

11:15 – 11:30 **Coffee Break**

11:30 – 13:00 **Hydrogen Market** - Scenarios and Reality in Chile, India, Mexico, Uruguay, Türkiye, and private sector perspectives in PtX project development moderated by Rolf Behrndt, Senior Hydrogen Advisor (GIZ)

Keynotes and Discussion

Chile: Hernán Sepúlveda, Ministry of Energy, Chile

Uruguay: María José González, Ministry for Industry, Energy and Mining, Uruguay

Türkiye: Ibrahim Erden (President Turkish Wind Energy Association)

India: Seshagiri Rao, Vice President, Greenko Group (tbc)

Mexico: Ralph Wegner, Managing Director (Mexico)

German private sector perspectives in PtX project development

H2 Industries, Michael Stusch, Chief Operating Officer (tbc)

Hy2gen, Matthias Lisson, Country Director Germany, Austria, Switzerland, Mexico

13:00 – 14:15 Lunch

14:15 – 15:45 **Regulatory frameworks for Green Hydrogen and PtX** (Sustainability Standards)
Moderated by Heino von Meyer, Sustainability & Global Networks, International PtX Hub (GIZ)

Economic, Environmental, Social and Governance (EESG) Framework, Standards and Certification for PtX products, processes and policies

Heino von Meyer, Sustainability & Global Networks, International PtX Hub (GIZ)

Global Regulations and Standards for Renewable Hydrogen

Kim Lakeit, Expert International Market Development Hydrogen, dena

Experiences and best practices in Clean Energy Certification

Dr. Gökçe Mete, Senior Manager, Global Hydrogen Stakeholder Plattform, South Pole

Exchange on green hydrogen and PtX standards and certification

Kim Lakeit, Expert International Market Development Hydrogen, dena

Dr. Gökçe Mete, Senior Manager, Global Hydrogen Stakeholder Plattform, South Pole

Representative from Türkiye: Hacı Ali Ulutaş, Vice President, Energy Market Regulatory Authority (EMRA)

Representative from Chile: Hernán Sepúlveda, Sustainable Energy Division, Ministry of Energy, Chile

Representative from Uruguay: Noelia Medina, National Energy Directorate, Ministry for Industry, Energy and Mining, Uruguay

15:45 – 16:00 **Conclusion and outlook**
Charlotte Hussy, Project Manager, International PtX-Hub (GIZ)
